# Winkler Technik

## PDF - System 2.0 with the possibility of mounting the roll at the tacker tool

the specification "EnEV 2014 §14  
paragraph 2" demands the controllability  
of rooms bigger than 6 m<sup>2</sup> (65 ft<sup>2</sup>)

the PDF-System reduces the inadvertent  
heat release of the flow lines from the manifold  
to other rooms

- 4 mm insulating strip
- easy mounting after tube installation
- no difficult mounting of protective sleeves or thin-walled insulation hoses
- system works with all Winkler Technik tacker tools

patent pending!

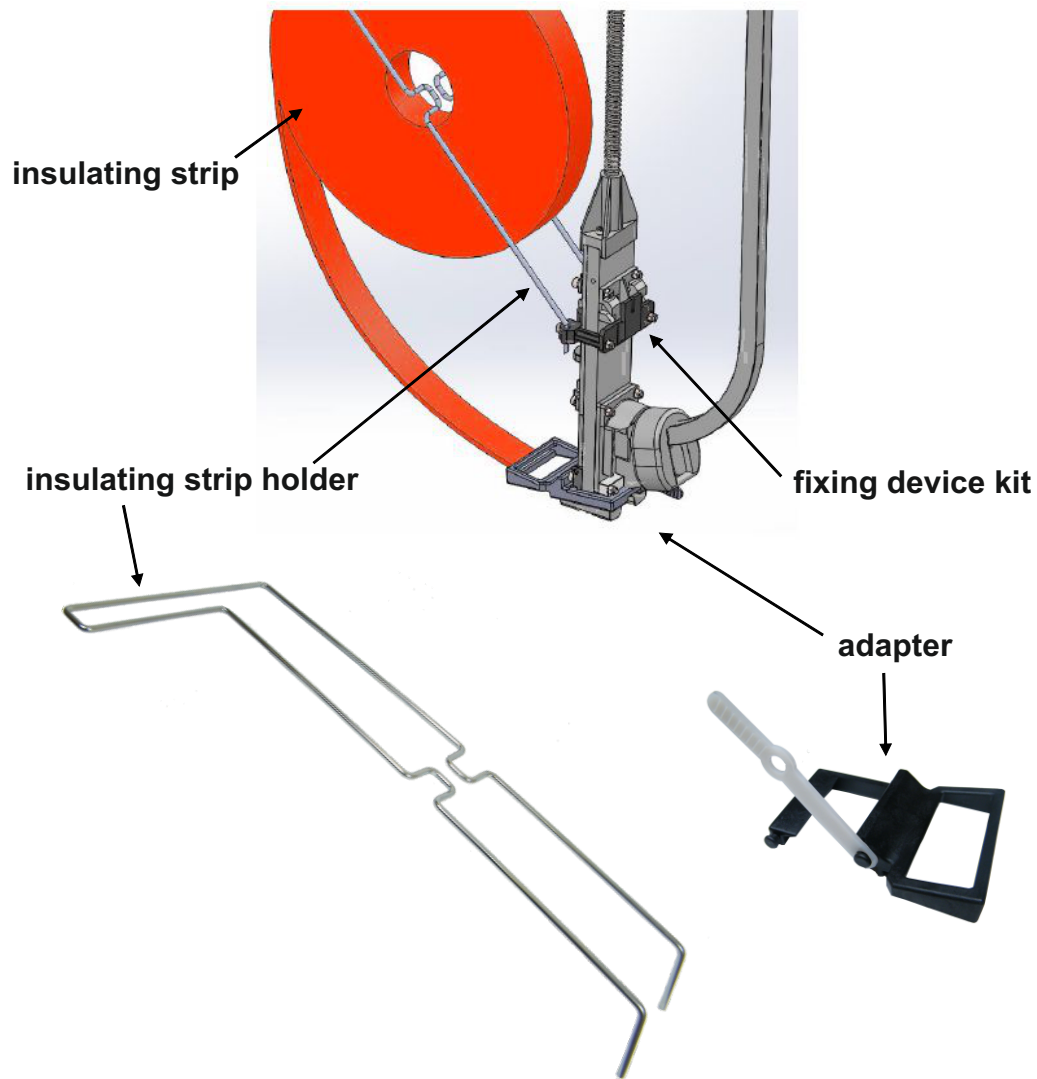

Subject to technical changes GT 07. 23/02

mounting the roll at the tacker  
tool is possible

PDF - System 2.0

## Technical Data

item No.		packing unit	weight approx.
<b>PDF-SET</b>	consisting of adapter, insulating strip holder and fixing device kit	10 pcs. / carton	4.7 kg (10.4 lbs.)
<b>PDF-I</b>	insulating strip	25 m (82 ft) / roll 375 m (1230 ft) / carton 4,500 m (14,764 ft) / pallet	62.0 kg (137.0 lbs.)
